

Simple Resource Management

Does your organization struggle with Resource Management?

Are you getting the most from your resource pool?

The Resource Management Tool is a simple to use excel based tool that allows efficient resource management and reporting. It is user friendly, quick and accurate and provides;

- resource utilisation over time
- **Availability forecasting**
- **filtering** of data using the in-built menu bar

Value

The Resource Management Tool provides valuable information to Project Managers, Program Managers, Line Managers, Executives and Project Management Offices. It has been effective in improving the resource management practices of Telstra, ANZ and Australia Post.
